Claim for EFF Grant

Claim for Payment (Arrears)

- Please contact the Welsh Assembly Government (“WAG”) if you require any clarification or help with answering any of the questions on this form.
 - Your claim **cannot** be considered for payment unless all the information required, by the grant offer letter and its annexes, is complete and enclosed with this claim form (including, where appropriate, the annual independent Accountant’s Report).
 - WAG reserves the right to seek further information in support of the claim and withhold payment until details are supplied. In accordance with this all documentation must be available for inspection if required and retained by you until the final payment has been made under the programme i.e. 2020.
 - A report must be provided showing progress made against Project Targets and Outputs set out in Annex B of the grant offer letter.
-

Before you claim

Check that you are within the agreed Funding and Projected Quarterly Claim Profiles set out in Annex A of the grant offer letter (or as agreed in any subsequent correspondence from WAG). If your project is delayed for any reason you must write to WAG as soon as you become aware of the delay. Provided your request is received by WAG before the relevant deadline expires, WAG will consider your request for an extension in accordance with the relevant legislation and the grant offer letter and its annexes.

Check that all of the costs that are to be entered in Section B (Parts 1 & 2) on this claim have been properly incurred and defrayed, that is, the payment to the supplier has cleared from your bank account. It is not sufficient to have an invoice that is marked as paid nor that you have issued a cheque or other form of payment. It is essential that you can provide documentary evidence that the payment has been received by the supplier. We will require a copy of the relevant bank statement, all invoices (stamped by the supplier to indicate payment has been received). These need to be highlighted on the statements and cross referenced to the actual invoice.

NB. All claims should exclude VAT except where it is non-recoverable.

Claims Checklist

1. Claim Form checked as fully completed, signed and dated.
2. Evidence of activity: copies of invoices (with evidence of receipt) / timesheets / payslips etc.
3. Evidence of defrayment: i.e. copies of bank statements, payroll etc.
 - a. Printout of BACS payroll should show which organisation computer system was used (e.g. SAGE etc).
 - b. Evidence should include confirmation that the wages of the people claimed for are on that payroll - i.e. printed payslip/list.
4. Project report completed including an explanation of any changes.
5. Workings out - please provide any additional explanation where appropriate of how figures have been arrived at.

European Fisheries Fund – Claim for Payment

Background:

The sustainable fisheries for Wales project funded by the European Fisheries Fund officially started on the 1st of May 2012. The aim of the project is to provide the fishing industry and Welsh Government with scientific data and advice for the management of marine resources in Welsh waters. The project is divided into previously agreed work packages but also contains a more flexible component that is responsive to the fishing industry needs for specific data or to answer specific scientific questions.

The working progress and the direction of the project is overseen by the Science User Advisory Group (SUAG) consisting of members of the fishing industry (Welsh Fishermen's Association), the Welsh Federation of Sea Anglers, the Countryside Council for Wales (CCW) and Welsh Government. The SUAG met formally for the first time on the 07 September 2012 and was informed about the progress of the project and the research goals over the next months. Minutes of the meeting were recorded and will be up-loaded on the website once it is up and running. The minutes of the meeting form an appendix to this document.

May 2012

- Dr Himar Hinz, Dr Gwladys Lambert and Dr Natalie Hold were appointed to three of the science officer positions.
- The remaining posts were put out to advert.

June 2012

- Dr Himar Hinz, Dr Gwladys Lambert and Dr Natalie Hold started their employment contracts.
- Organisation and execution of the first scallop and habitat survey funded under the project comprised a 10 day research cruise onboard the Prince Madog (31st May – 9th of June). On this cruise population parameters for both king scallops *Pecten maximus* and queen scallops *Aequipecten opercularis* were assessed. Scallop samples were collected for maturation state determination and genetics. Furthermore sediment and infaunal samples around the *Modiolus* reef off the Llyn Peninsula were collected by CCW. Underwater video equipment was deployed at several locations and thereby contributed further to the understanding of habitat identification in Welsh waters.
- The survey addressed the stock assessment aspect and habitat mapping aspects of the project (WP2 and WP3). Please see attached report for details of the survey and results.
- Processing of scallop samples determining maturation state and collection of genetic samples (WP3).
- Data entry and analysis of scallop survey data (WP3).
- Setting up of office space for newly recruited fisheries team.
- Selection of candidates for the remaining positions.

July

- Processing of scallop samples determining maturation state and collection of genetic samples. (WP3 and WP4)
- Data entry and analysis of survey data (WP3).
- Preparing survey report (WP3).

August

- Interview process for open positions and selection of new employees, through presentation and interview with Welsh Fishing Industry representative involved in the interview process (James Wilson).
- Data entry and analysis of survey data (WP3).
- Preparing scallop survey report (WP3).

European Fisheries Fund – Claim for Payment

- Designing new underwater survey sled to be used by the fishing industry.
- Planning collaborative genetic science with Prof. Paul Shaw, Aberystwyth University (WP4).
- Logistics and planning of scallop skid trials off Anglesey and Cardigan.
- Planning of the fishermen's questionnaire survey (WP1)
- Planning of industry crab and lobster surveys (WP3).
- Inviting participants to joined the Science User Advisory Group (SUAG).

Planned work over the next months

- Monitor fishing impacts of scallop fleet in Cardigan Bay to establish recovery rates (WP 2 and 3).
- Establish pilot study to monitor catch compositions for crab and lobster fisheries (WP2).
- Establish pilot study on lobster genetics (WP4).
- Pilot questionnaire survey (WP1).
- Work with industry to establish habitat mapping strategies within Cardigan Bay using the new underwater camera system (WP3).
- Conduct scallop dredge skid trials in Cardigan Bay and Liverpool Bay (WP2 and 3).
- Conduct first questionnaire surveys with fishers (WP1).
- Organise fishermen's workshops in North and South as advised by SUAG for February 2013 during a Spring tide period.

Section D
Declaration by Applicant

1. I declare that the information provided on this claim form, and any other information which has been or may be given in support of this claim, is correct and complete to the best of my knowledge and belief;
2. I declare that the expenditure detailed above has been properly incurred in accordance with all the conditions of grant (as set out in the relevant legislation and the grant offer letter and its annexes) and has been defrayed (i.e. the money has cleared out of the relevant bank account);
3. I wish to claim grant towards the project of which the above project assets / revenue expenditure form a part.
4. I acknowledge that payment of grant will be subject to the conditions of grant (as set out in the relevant legislation and the grant offer letter and its annexes) and undertake (to the Welsh Assembly Government) to comply with these conditions;
5. I confirm that the project has, to date, been conducted in accordance with all the conditions of grant (as set out in the relevant legislation and the grant offer letter and its annexes).

* I am authorised to make this declaration on behalf of the applicant;

Signed
